ARTHUR'S LAY SERMONS!

STEPS TOWARDS HEAVEN;

A Series of Lay Sermons for Converts in the great Awakoning.

By T. S. Astruck.

One handsome Pimo, volume. Price \$1.

No special theology is taught in this volume. It addresses itself to no particular sect or denomination. It has no aim but to assist men to grow better, and theme happier. The author comes to the reader, and teeks to inspire him with an unsertich, even a divine and kely purpose: to aid him in the conquest of exil advine and kely purpose: to aid him in the conquest of exil advine, and to furnish him with incentives to right living.

Relajon is life—that is, a life of good deeds in the world—and, onless such a life be led no matter what a man's faith may be, his religion is win. Piety, which means the formal worship of God, and Charity, which consists in acting justly among men, make, when united in any one, the true Christian. Charity is the great essential: for, if a man love not his brother whom he hath seen, how can he love God whom he hat, not seen? Worship, therefore, in the absence of Charity, is vain, and the prayers of one who does not easily justly and humanely with his fentowmen, can never ascend in to heaven.

Such is the doctrine of this book, and in teaching it, the author never ascend is to heaven.
sob is the doctrine of this book, and in teaching it, the author

has shown the attractive and beguing form of LIFE-PICTURES, NARRATIVES AND CONVERSATIONS.

MISS SEWELL'S NEW WORK. D. APPLETON & Co. Nos. 346 and 348 Broadway,

URSULA:
A TALE OF COUNTRY LIFE.

BY MISS SWELL,
Atthor of "Amy Herbert"
2 Vois. 12mo. Cloth. \$1.50.
From The Athenaum.
"'Dwula' is written in Miss Sewell's best manner. The sharesters are drawn with truth to nature, and they give a color and turn to the circumstances and incidents of the stay, rather than the circumstances to them—witch is as it should be; for in real life the same incidents played by different characters would lead to widely different results. Of course, the sim and end of "Ursola" is didactic; but, though we take exception to some of the plants inculaved, the book is genial and kindly, and the impression left on the mind is pleasant.

Careful work-wantship and conscientious painstaking are evident or every page."
